	Coolant flush and replacement	<input type="checkbox"/>
	Serpentine belt (inspect/replace)	<input type="checkbox"/>
	Power steering fluid (inspect/replace, if applicable)	<input type="checkbox"/>
	Drive shaft boots (inspect)	<input type="checkbox"/>
	Suspension bushings (inspect)	<input type="checkbox"/>

## Important Notes:

---

- Always refer to your Nissan Xterra owner's manual for specific maintenance intervals and procedures for your model year.
- Adjust maintenance intervals based on driving conditions (e.g., severe driving, towing, off-roading).
- Use appropriate safety gear and tools for all maintenance tasks.
- Dispose of used fluids and parts responsibly.
